

# NELL GWYN.

Written after viewing a portrait supposed to be of this celebrated beauty, at Leeds, England.

Beautiful and radiant girl!  
We have heard of teeth of pearl,  
Lips of coral,—cheeks of rose;  
Necks and brows like drifted snows,  
Eyes—as diamonds sparkling bright,  
Or the stars of summer's night,  
And expression, grace and soul  
Softly tempering down the whole;  
But a form so near divine,  
With a face so fair as thine,  
And so sunny-bright a brow—  
Never met my gaze till now!  
'Thou wert Venus' sister-twin  
If this shade be thine, Nell Gwyn.

Cast that carcanet away!  
Thou hast need of no display—  
Gems, however, are to deck  
Such an alabaster neck!  
Can the brilliant's lustre vie  
With the glories of thine eye?  
Or the ruby's red compare  
With the two lips breathing there?  
Can they add a richer glow  
To thy beauties! No, sweet, no,  
Though thou hear'st the name of one  
Whom 'twas virtue once to shun,  
It were, sure, to taste, a sin  
Now to pass thee by, Nell Gwyn.

But they've wrong'd thee,—and I swear  
By thy brow so dazzling fair,  
By the light subdued that flashes  
From thy drooping lids' sick lashes,  
By thy deep blue eyes beneath them,  
By the clustering curls that wreath them—  
By thy softly blushing cheek—  
By those lips that more than speak,  
By that stately, swan like neck,  
Glossy white without a speck,  
By thy slender fingers fair,  
Modest mien,—and graceful air,  
'Twas a burning shame, and sin,  
Sweet, to christen thee Nell Gwyn.

Wreath for aye thy snowy arms,  
Thine are, sure, no wanton's charms!  
Like the Fawn's—as bright and shy—  
Beams thy dark, retiring eye;  
No bold invitations given  
From the depths of that blue heaven;  
Nor one glance of lightning hid  
'Neath its pale declining lid!  
No I'll not believe thy name  
Can be sought allied to shame!  
Then let them call thee what they will,  
I've sworn, and I'll maintain it still  
(Spite of tradition's idle din)  
Thou art not—can'st not be Nell Gwyn.

# HONOR TO WHOM HONOR IS DUE.

It may truly be said, that no one has ever been  
so successful in compounding medicine,  
which has done so much to relieve the human  
family, to rob disease of its terrors, and restore the  
Invalid to Health and comfort, as the *Inventor and  
Proprietor* of that most deservedly popular family  
medicine, Dr. Swayne's Compound Syrup of Wild  
Cherry, and none has been so generally patronised  
by the Profession and others, both in this country  
and in Europe, nor has there ever been so great  
an effort in the short space of six or seven years,  
to deceive the credulous and unthinking, by putting  
up Nostrums of various kinds, by various individ-  
uals, affixing the name of Wild Cherry, and as  
much of the name of the original preparation as  
will screen them from the lash of the law, and one  
of the impostors who puts out the common pare-  
goric of the shops and calls it the Balsam of Wild  
Cherry, has had the impudence to caution the pub-  
lic against the original preparation, Dr. Swayne's  
Compound Syrup of Wild Cherry, which is doing  
so much good in the world.

**Beware of such impostors.**  
And purchase none but the original and only genu-  
ine article as prepared by Dr. Swayne, which is  
the only one compounded by a regular Physician,  
and arose from many years' close attention to the  
profession, and which led to this great discovery.  
Thousands and tens of thousands  
of the best testimonials of the unparalleled success  
of Dr. Swayne's Compound Syrup of Wild Cherry  
for the cure of consumption, coughs, colds,  
spitting blood, liver complaint, tickling or rising in  
the throat, nervous debility, weakness of voice,  
palpitation or disease of the heart, pain in the side  
or breast, broken constitution from various causes,  
the abuse of alcohol, &c., bronchitis, asthma, whoop-  
ing cough, &c., were declared to the world years  
before any other preparation of Wild Cherry came  
out. The most skeptical may satisfy themselves  
as to the truth of the above, by a little enquiry in  
Philadelphia. The genuine article is prepared only  
by Dr. Swayne, whose office has been removed  
to N. W. corner of 8th and Race streets, Philad'a.

The Balsam and other spurious articles of Wild  
Cherry have been sold out, and the proprietors are  
obliged to resort to falsehood and stratagem to make  
their own out of it. The genuine article is put up  
in plain style in square bottles covered with a blue  
wrapper, with a yellow label with the proprietor's  
signature attached. To get the genuine in Wil-  
mington, you must go to the only appointed agent,  
WM. SHAW.

The public are requested to remember that  
it is Dr. Swayne's Compound Syrup of Wild  
Cherry that has, and is repeatedly performing  
such marvellous cures of diseases which have baffled  
the skill of the profession and set at defiance the  
whole catalogue of Patent Medicines, which  
are daily puffing through the organs of the press.  
Therefore ask for Dr. Swayne's Compound Syrup  
of Wild Cherry, and purchase no other.

**Save your Corn Cobs and Shucks.**  
TO THE PLANTERS AND MILLERS OF NORTH  
CAROLINA.

THE undersigned has obtained Letters Patent,  
to enable common Mill Stones (or rocks) now  
in use, to grind CORN, COB AND SHUCK, into  
meal, for Horses, Mules, Cattle, Hogs, &c., there-  
by saving more than one third of a crop, which is  
an important item with planters. The machinery  
used for the above purpose is simple and durable,  
and cannot, with fair means, get out of order. It  
will last as long as the Stones last, with an expense  
of 50 cents every five years. To enable the com-  
mon Mill Stones to grind ear corn into meal, re-  
quires no new buildings or extra power. It can  
be applied to Horse Mills, Threshing Ma-  
chines, Gins, or any given power known. The  
same Mill will grind one-third more of Corn Meal  
by the introduction of this Machinery, and can be  
changed from grinding Corn and Cob, to grinding  
Corn Meal in the space of thirty seconds. Corn  
alone, when fed to stock, is said to be by the most  
practical and scientific Planters, constituting in its  
effects, producing founders, cholera and various  
other maladies which are incident to stock. Grinding  
cobs with the Corn, makes a feed congenial with  
their nature, and cannot produce any of the  
serious results above mentioned. Stock, when fed  
on Corn exclusively, are deprived of the benefits of  
distension (so necessary to the proper health of an-  
imals) by their being unable to eat a sufficient  
bulk to produce distension before the anima be-  
comes gorged. Cobs ground with the corn, pro-  
duce the necessary distension, without any danger  
of diseases arising from overeating. Corn and cob  
meal is improved by scalding, and still more by  
boiling, and yet more by a partial fermentation.—  
All the preparations facilitate digestion for Hogs.  
But Horses and Mules will not eat fermented food,  
consequently they will require it dry or partially  
wet with cold water. Horses, Mules and Oxen,  
when fed with unground food, void much in an  
undigested state, which is of course lost for all ben-  
eficial purposes. Read the subjoined certificate.

The undersigned can be addressed at Ral-  
eigh, and all calls will be attended to punctually  
and with despatch by himself or Agent.

**CERTIFICATE.**  
Having been solicited by Maj. Collins to have  
my Mill adjusted to grind Corn in the Ear and  
Shuck, I consented that he should do so as an ex-  
periment; and I am able to say that it grinds Corn  
in the Shuck at the rate of 30 bushels per hour;  
and the dressing of the stones is so improved, that  
it grinds shelled Corn more than twice as fast as  
before, and by my watch, at the rate of 15 bushels  
per hour, and the meal finer than usual. I deem  
it a valuable improvement, and shall purchase the  
right to use it, as it will afford me a speedy way of  
feeding my horses and cattle, and save much  
thereby. WM. BOYLAN.

**TO THE PUBLIC.**  
JONES, recently died in the Parish of Iber-  
ville, Louisiana, leaving no heirs of his body in  
that State. He left considerable property, and  
the object of this publication is to ascertain who  
are entitled to the succession fund: who are his  
aunts. It is supposed that Mr. Jones was a native  
of Wilmington, N. C., and that he removed from  
this place in boyhood, leaving behind him parents,  
brothers and sisters. He died at an advanced  
age, and of course must have been a long  
while absent from this place. This is a matter of  
importance to the heirs of the deceased Mr. Jones,  
as he left considerable property. Those who may  
possess any information on the subject will please  
call on the subscriber. DAVID FULTON.

accommodate, to merit a continuance of the same.

I have just returned from the Northern Markets

**SPRING STOCK,**

ceeded in selecting a STOCK OF GOODS not to  
be surpassed, and rarely equalled in this mar-
